Easy set up with a variety of mounting choices

# #1 Video devices INSTALLED IN CONFERENCE ROOMS!

## Units Shipped CY 2016

## Forecast

Source: Wainhouse Research and Logitech. Based on CY 2016 single codec units

Validated by:

# Новые версии ПО конференцсвязи, новые продукты. Cisco Meeting Server 2.3, Meeting Manager 1.0, Cisco Meeting App 1.10

Трех-экранный режим работы для SX80, mx700 и mx800, двух-экранный для room и room plus  
Количество потоков при каскадировании в кластере увеличено до 9  
Поддержан 4K контент

Возможность с помощью CMA 1.10 устанавливать степень «важности» абонентов

Новый инструмент управления CMS - CMM

The screenshot displays the Cisco Meeting Management (CMM) interface. The top navigation bar includes the Cisco logo, 'Cisco Meeting Management', and user information for 'admin User'. The main content area is divided into several sections:

- Meeting Overview:** Shows the meeting title 'Yet Another Demo', owner 'Someone', start time '3:58AM', and duration '10d 06:33:11'. It includes controls for layout, recording, streaming, and adding participants.
- Participants:** A list of participants with checkmarks indicating their status: Jorunn Granholm Aarseth, 10.47.59.233, Colin Read, Sampath Ranasinghe, Martin Roos, and Benjamin Swire.
- Participant Details:** A profile for 'Colin Read' (10.47.59.233) showing start time '3:58AM' and encryption status 'None'. It includes controls for mute and video.
- Layout Selection:** Four layout options are shown: Equal, Prominent (highlighted with a blue box), Overlay, and Single.
- Audio and Video Performance:** Two tables provide real-time statistics for audio and video transmission and reception.

Audio		Transmitting	Receiving
Protocol		opus	opus
Channel rate		63 kbps	68 kbps
Current packet loss		0 %	0 %
Jitter		0 ms	6 ms
RTT		0 ms	-

Video		Transmitting	Receiving
Protocol		h264	h264
Resolution		512x288	1920x1080
Frame rate		13.3 fps	25.6 fps
Channel rate		674 kbps	3547 kbps
Current packet loss		0 %	0 %
-jitter		0 ms	24 ms

High Efficiency Video Coding

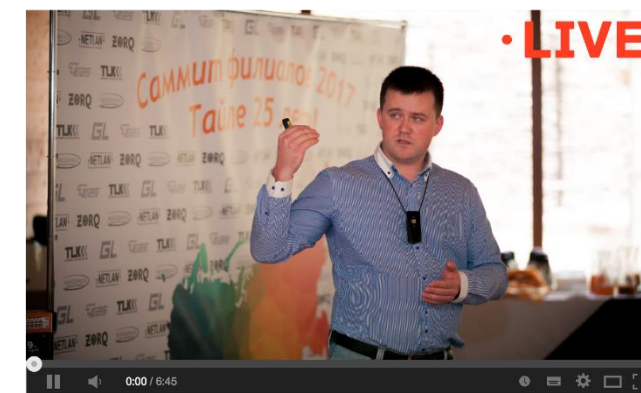

The screenshot shows the Cisco Project Workplace website with a blue header. The navigation bar includes 'Project Workplace', 'Scenarios', 'Products', 'Experiences', 'Downloads', and 'Contact'. Below the header, there are filters for 'All scenarios', '1-3 people', '4-9 people', and '10+ people', along with specific use cases: 'Concentrate', 'Brainstorm', 'Conference', and 'Training'. The main content area features a grid of 12 images, each representing a different use case with a label: 'Conference', 'Focus', 'Video Centric', 'Content Collaboration', 'Hot Desking', 'Home', 'Executive', 'Mingle', 'Briefing', and 'Immersive'. Each image shows a modern office environment with the camera bar mounted on a wall or ceiling, displaying a video feed on a screen.
