# Автопереключение микрофонов

# Автоматическое управление громкостью

### Integrated USB Hub:

Connects multiple USB accessories (integrated within and connected to the Devio CR-1) to the USB host laptop over a single USB cable. DOES NOT enable communication between connected accessories.

### DisplayLink USB Graphics:

Integrated within the CR-1, this technology enables the USB host laptop to connect to HDMI display(s) connected to the Devio CR-1

### Auto Switch:

Automatically switches video feed to Display #1. Defaults to USB Video (if enabled), switches to HDMI Pass Through when connection is active.

### Devio USB Echo Cancelling Speakerphone:

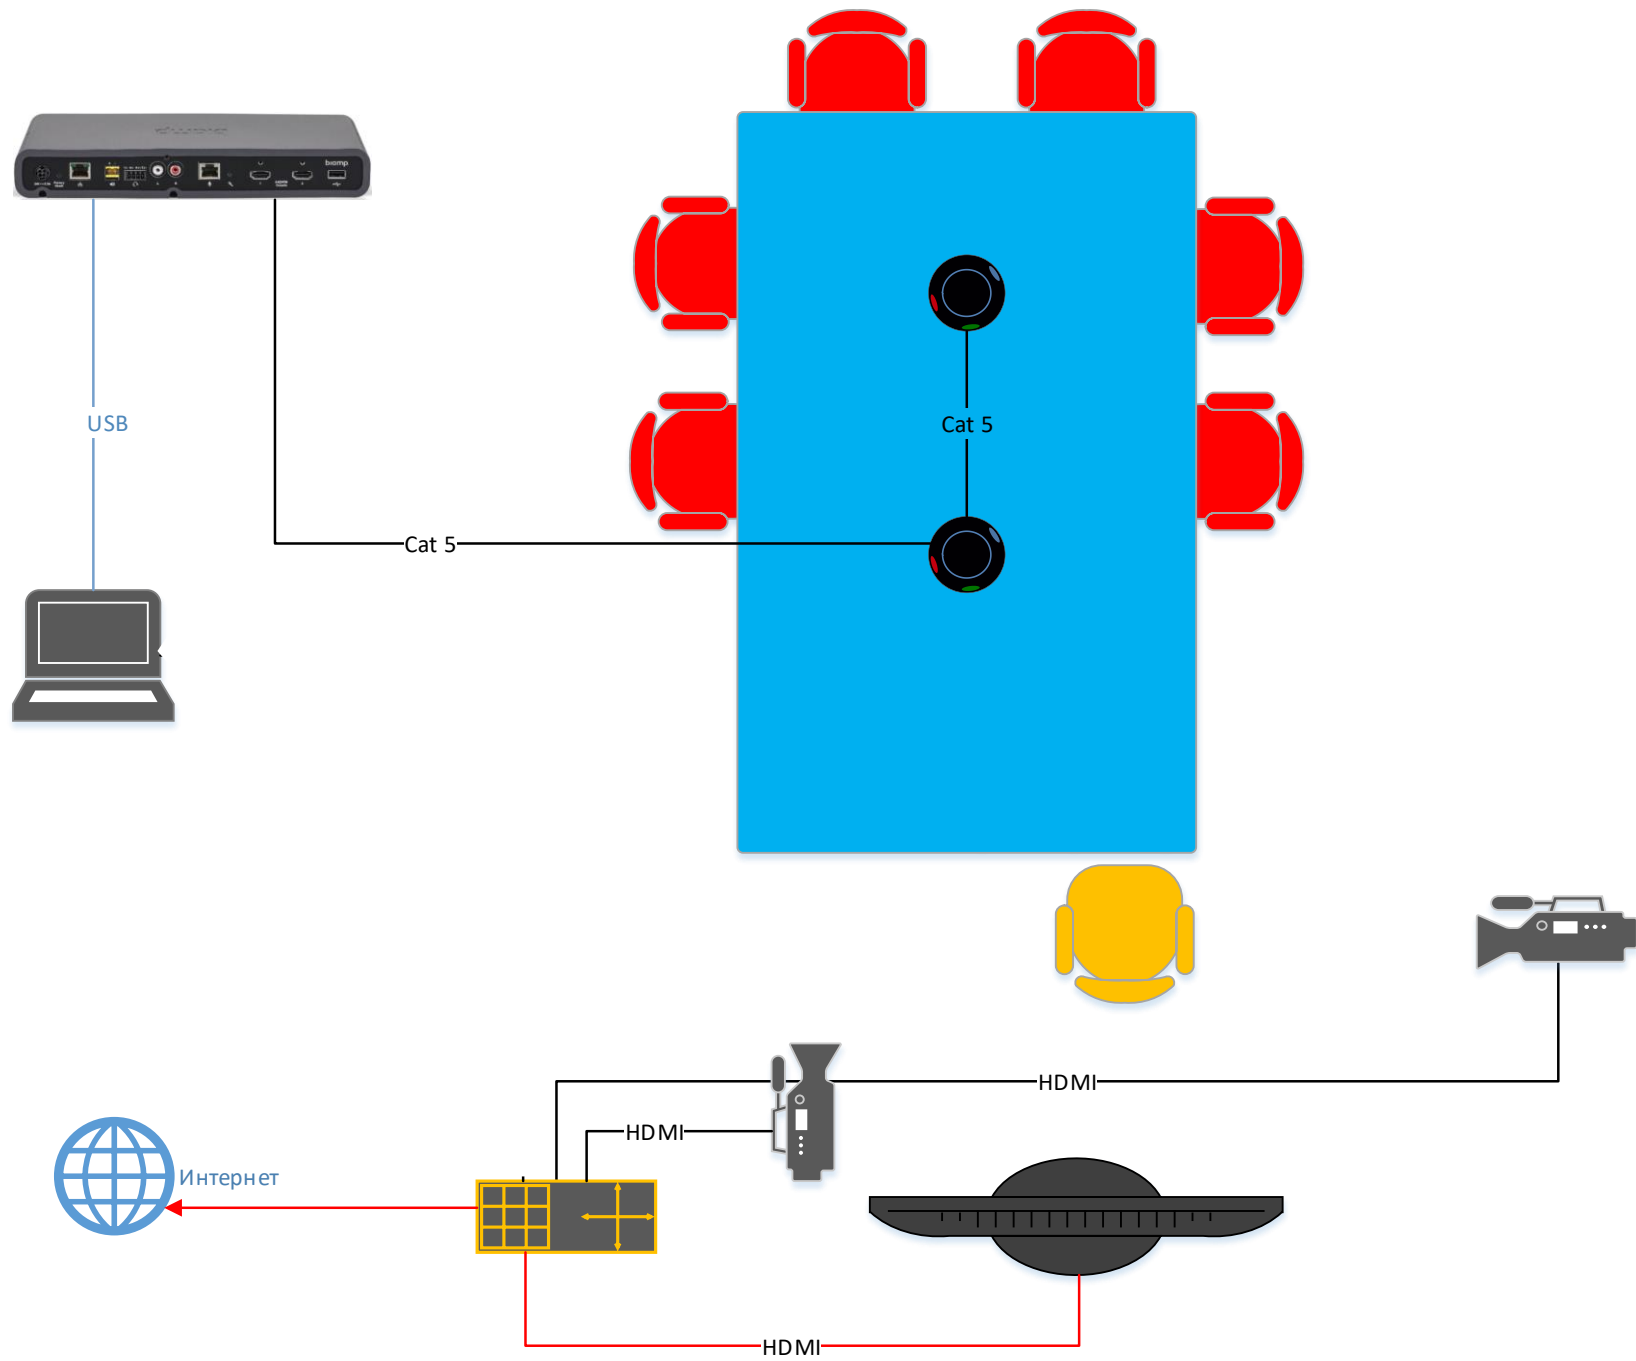

Devio USB Echo Cancelling Speakerphone is essentially an integrated USB accessory device that enumerates with the USB host laptop (along with other USB devices connected to the Integrated USB Hub).

USB host connection to laptop

2 USB 3.0 accessory ports
